Intoleran Gut Support Duo

Customs declaration product Intoleran Gut Support Duo

To whom it concerns,

Intoleran Gut Support Duo is a dietary supplement containing a combination of probiotics, herbs and L-glutamine to support digestive function and digestion.

Gut Support Duo contains capsules with the probiotics: Lactobacillus acidophilus NCFM, Lactobacillus plantarum LP01, Bacillus coagulans Unique IS-2, Bifidobacterium breve BR03, Bifidobacterium lactis HN019. Probiotics are living microorganisms, which can supplement your gut bacteria in the intestinal flora.

The capsules with the herbal mix contain a combination of ginger, mint and coriander. These herbs support digestion and bowel function. These capsules also contain the amino acid L-glutamine.

With kind regards,

Rosanne Holman
