Customs declaration
Intoleran Starchway

Customs declaration product: Intoleran Starchway

To whom it concerns,

Intoleran starchway is a food supplement which contains contain the digestive enzymes Invertase and Gluco-amylase. Besides this, starchway contains Calcium Carbonate (filling aid) and HPMC (capsule). Within the European union Starchway is regarded as a food supplement to help digest starch and sucrose.

The enzyme Gluco-Amylase helps with the digestion of starch from foods such as grain products, potatoes, pasta and processed foods. The enzyme Invertase helps with the digestion of sucrose (sugar) found in fruits, as well as in processed foods to which sugar has been added, such as cookies and sauces.

Starchway meets the requirements for food grade enzymes.
